

NFORCE 610i-ITX

www.zotac.com

Experience the raw power of Intel Core 2, Pentium and Celeron processors in a small mini-ITX form factor with the ZOTAC nForce 610i-ITX. The ZOTAC nForce 610i-ITX delivers compatibility with Intel socket LGA775 processors with 1333 MHz front-side buses for a high-performance computing experience that takes up very little space.

A powerful NVIDIA GeForce 7050 graphics processor with CineFX 3.0 technology delivers DirectX 9.0 with Shader Model 3.0 compatibility for stunning visuals in the ZOTAC nForce 610i-ITX. The high-performance GeForce 7050 GPU also delivers a premium Microsoft Windows Vista experience including support for the new Windows Aero user interface.

Specifications

- NVIDIA GeForce 7050
- NVIDIA nForce 610i
- DirectX 9 with Shader Model 3.0
- Microsoft Windows Vista Premium ready
- Mini-ITX form factor

Processor support

- Intel Core 2 Duo
- Intel Core 2 Quad
- Intel Core 2 Extreme
- Intel Pentium family
- Up to 1333 MHz FSB support
- LGA775 Socket compatible

Memory support

- DDR2 533/667
- 2 x 240 pin DIMM slots
- Up to 4GB ram

Display Output

- One VGA

Connectors

- One Parallel ATA133 Connector (Support up to 2 devices)
- Two Serial ATA 3.0Gbps ports
- One HD Audio 5.1 ports
- One PS/2 Mouse port
- One PS/2 Keyboard port
- One Serial Port (pin header)
- Four USB 2.0 ports (back panel)
- Four USB 2.0 ports (pin header)
- One Ethernet port (RJ45 10/100 LAN)

Features

- NVIDIA CineFX 3.0 architecture
- NVIDIA Intellisample AA technology
- 500 MHz Graphics Engine Clock
- Integrated 24-bit 300 MHz RAMDAC
- NVIDIA ForceWare Unified Driver
- NVIDIA RAID and MediaShield technologies
- High-definition Audio
- Compact design for space and cost savings

Storage

- 2 SATA 3.0 Gbps ports
- SATA RAID 0, 1
- 1 ATA133 port (Support up to 2 devices)

Dimensions

- Height: 6.69in - 170mm
- Width: 6.69in - 170mm

Expansion

- 1 PCI Express x1

Inside the Box

- One SATA cable
- One IDE ATA133 cable

Port layout
