

VC19 Series

The brand new FIC VC19 Series are powerful Pentium 4 solutions based on the eagerly anticipated Intel 845E chipset. The VC19R supports on-board USB 2.0, on-board LAN, and on-board audio with 5.1 channel sound.

Note:

VC 19: does not have mfg. options of C-Media Audio, HighPoint RAID, nor Realtek LAN.

VC 19C: has the mfg. options of C-Media Audio and Realtek LAN but does not have the mfg. option of HighPoint RAID.

VC19R: has all mfg. options, which includes C-Media Audio, HighPoint RAID, and Realtek LAN.

Hardware Specifications:

Processor

Intel® Pentium® 4 Processors
Intel® Celeron™ Processors
400/533MHz System Data Bus

Chipset

North Bridge: Intel® 845E
South Bridge: Intel® ICH4

Memory

3 DDR DIMM; Up to 2GB DDR266 SDRAM

Onboard Audio

C-Media CMI8378 5.1 channel codec (**mfg.Option**)
5.1 Channel Audio Bracket A73 support Rear Out L/R, Front Out L/R, Center/Bass(Sub Woofer), Coaxial in/out , SPDIF in/out connector (mfg.option)

RAID

HighPoint IDE RAID onboard, support RAID 0,1,0+1 (**mfg.Option**)
2 IDE RAID connectors support ATA133

Onboard I/O Connectors

2 Serial ports
1 Parallel port
1 PS/2 mouse and 1 keyboard connector
1 media connector(Line-in, Line-out, Mic-in, MIDI/Game Port)
1 front audio pin header
1 RJ-45 connector (mfg.Option)
2 USB connectors and 2 front USB pin-header supports 4 devices

LAN

Realtek RTL 8100BL (**mfg.Option**)

Onboard IDE

2 dual-channeled enhanced PCI bus master IDE connectors
Ultra DMA 33/66/100

Expansion Slots

1 AGP 4X
6 PCI

BIOS

ACPI, APM, PnP, SMBIOS, DMI, USB, PC99, PC2001, Y2K compliant

Form Factor

ATX 12' x 9.6'
