## Easy Installation Guide EX915

**1** Connect purple connector of the keyboard to the purple plug in the back panel. Also connect green connector of the mouse to the green plug in the back panel.

**2** Connect the monitor video cable to the blue monitor connector located on the back panel.

**3** Plug the RJ45 cable to the Network jack marked with three tiny computers.

**4** Connect the audio cable of the speakers to the light blue speaker jack in the back panel. And insert the power plug of the speakers into the wall AC outlet.

**5** Connect the mic jack of the microphone to the pink microphone jack on the back panel.

**8** Connect the other end of the power cord to the wall AC outlet, and press the power button to boot up your system.

**7** Connect the power cord to the power connector and adjust the voltage as shown.

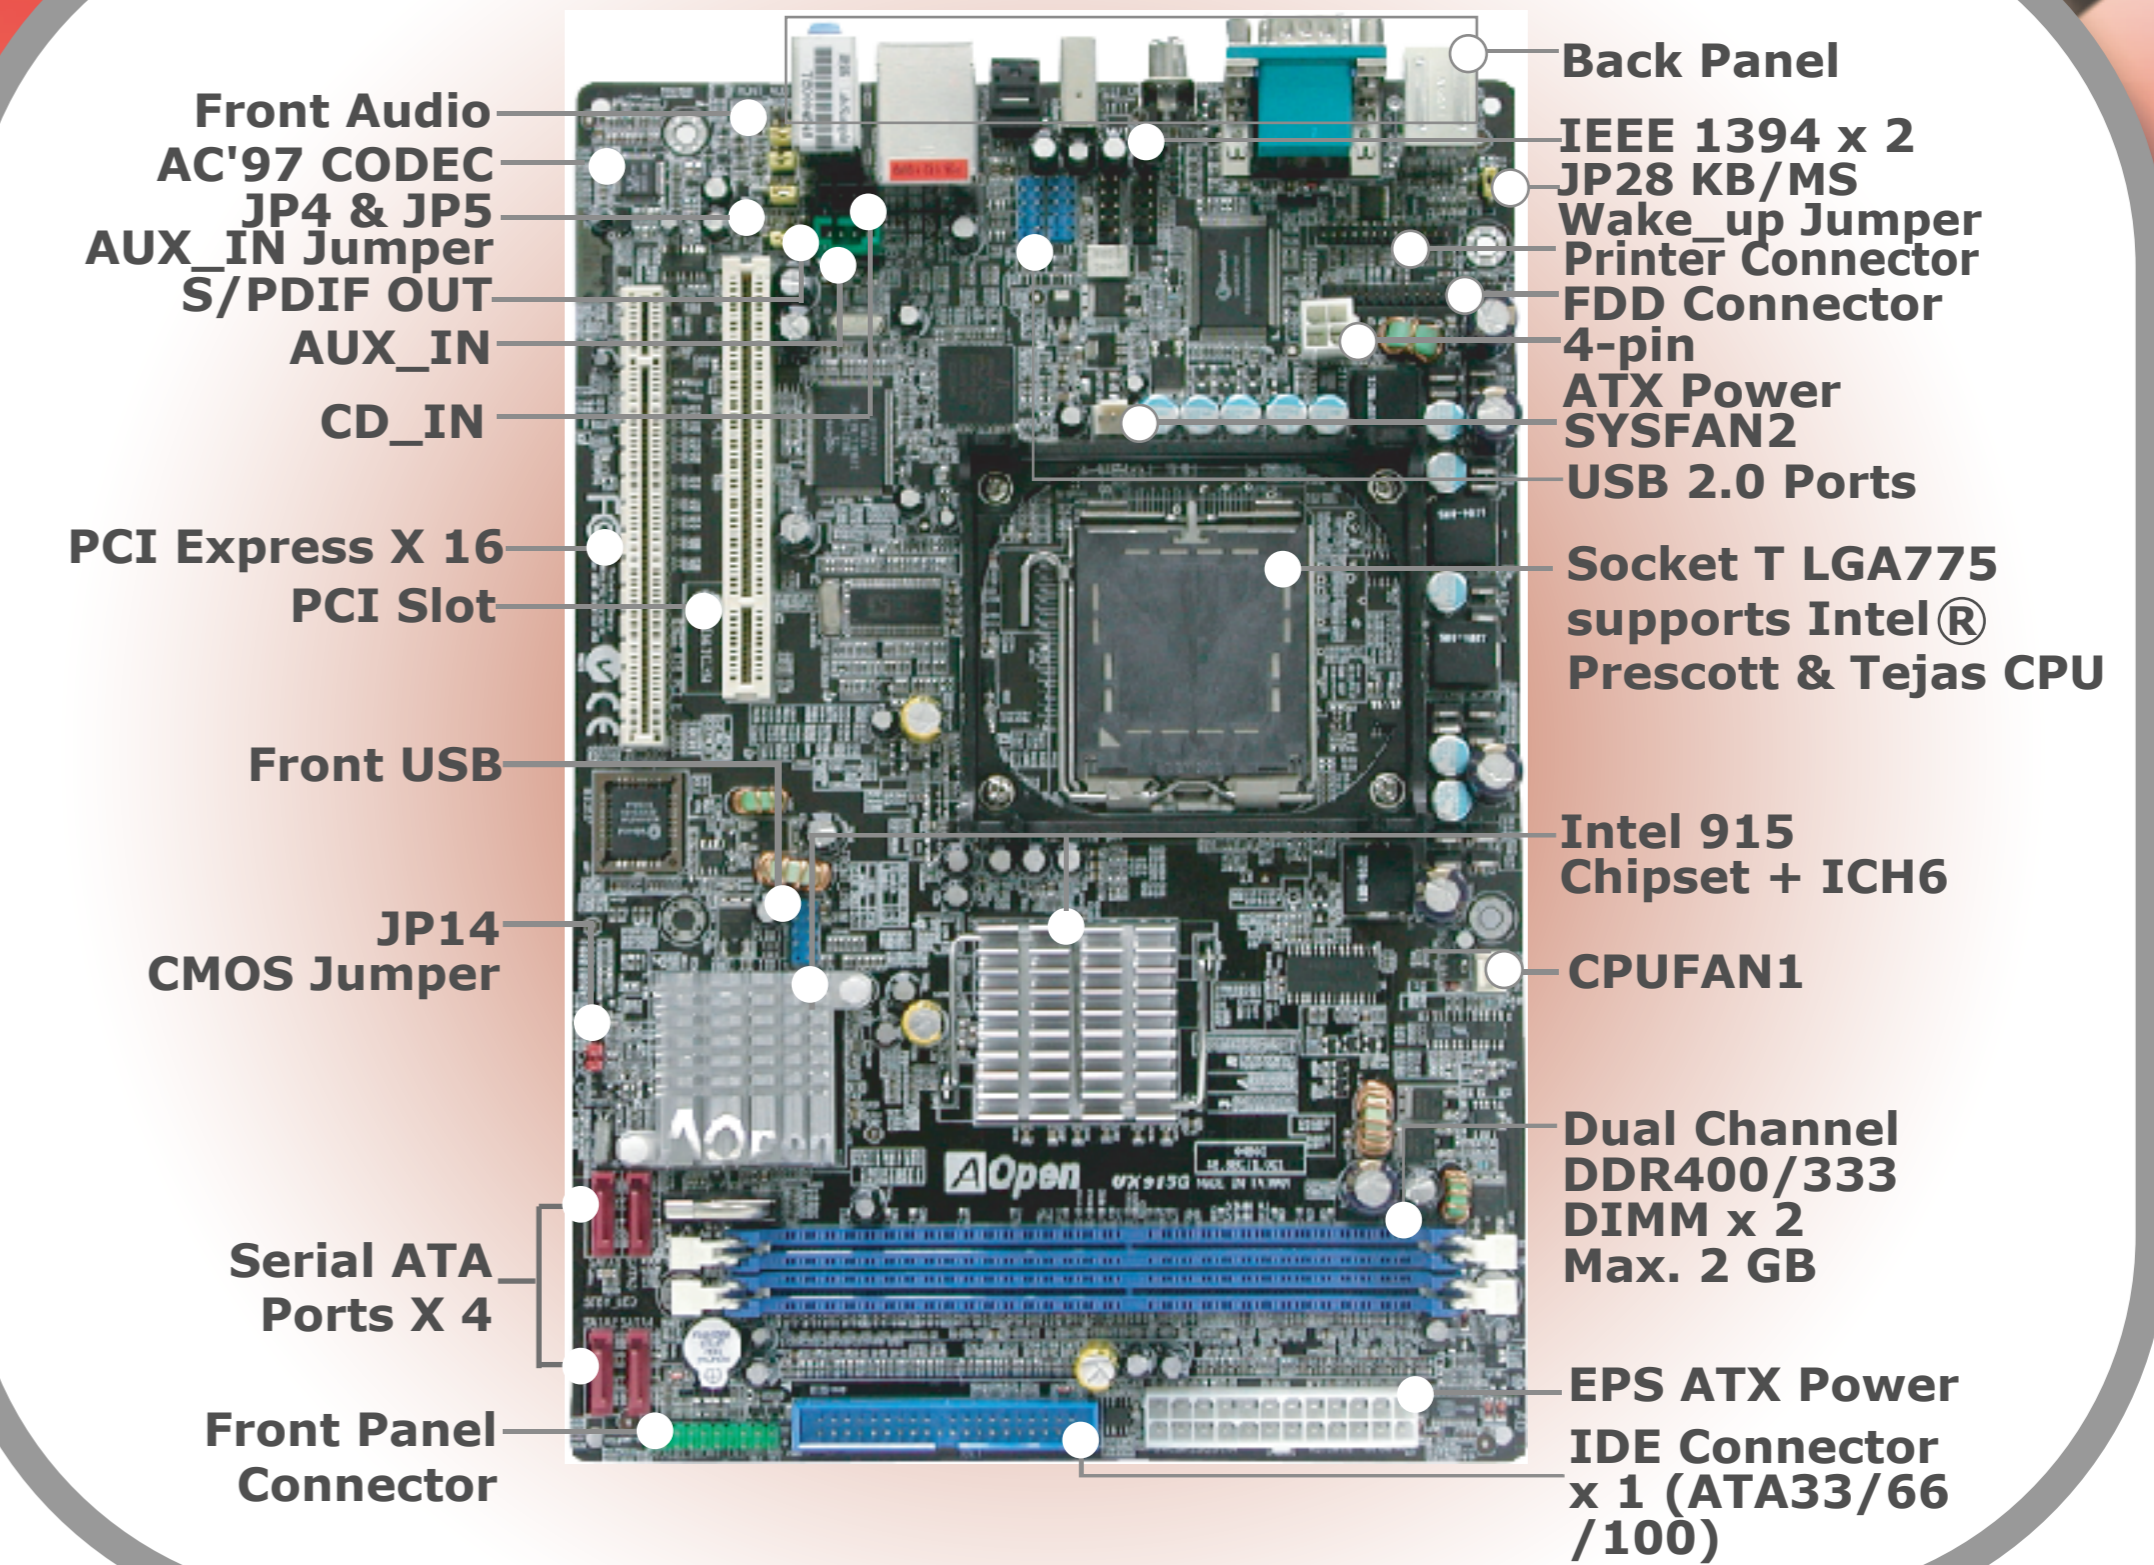

**6** Depending of the type of printer that you have, connect the printer cable to the Blue color parallel port as shown.

## UX915G

## Cooler Installation

**1** Put CPU cooler firmly onto the CPU retention module.

**2** Connect the Fan cable onto the CPU FAN connector onboard.

**3** Push the iron plate up a bit.

**4** Press the black plastic plate downward till you hear a "clip" sound.

CPU Frequency Table

Processor Number	Processor Frequency	FSB	Ratio	Cache
<b>5 Series</b>				
560	3.60GHz	800MHz	18 x	1MB L2
550	3.40GHz	800MHz	17 x	1MB L2
540	3.20GHz	800MHz	16 x	1MB L2
530	3.00GHz	800MHz	15 x	1MB L2
520	2.80GHz	800MHz	14 x	1MB L2
<b>3 Series</b>				
350	3.20GHz	533MHz	24 x	256K L2
345	3.06GHz	533MHz	23 x	256K L2
340	2.93GHz	533MHz	22 x	256K L2
335	2.80GHz	533MHz	21 x	256K L2

**Note:** With CPU changing rapidly, there might be fastest CPU on the market by the you received this installation guide. This table is kindly for your references only.
